Recovery *Medication Log*

Write down every dose with the time, so you and your helper never have to guess. Take medications exactly as prescribed.

DATE	TIME	MEDICATION	DOSE	GIVEN BY	NOTES

Recovery *Drain Log*

Only if your surgeon uses drains. Empty and record as your team showed you, and bring this log to your follow-up visit.

DATE	TIME	DRAIN 1 (ML)	DRAIN 2 (ML)	DRAIN 3 (ML)	COLOR	NOTES

CALL YOUR SURGEON'S OFFICE

if output suddenly increases, turns bright red, becomes cloudy or smells bad, if a drain stops working or falls out, or if you notice fever, spreading redness or new swelling. For chest pain or trouble breathing, call 911.
